2027 Sponsorship Packages

Our Mission

Midwest Mayhem and Voices of Valor were created by two local first responders who know firsthand the challenges, sacrifices, and invisible burdens carried by the men and women who serve our communities.

Our mission is to honor their stories, amplify their voices, and remain deeply committed to supporting the mental health and well-being of first responders and veterans. We focus heavily on creating a safe, honest space where they can talk about the calls that changed them, the weight they carry, and the realities that are often kept silent.

We believe these conversations matter — not just for healing, but for bringing communities together, reducing stigma, and reminding people that it's okay to not be okay.

Every episode is designed to strengthen understanding, encourage connection, and shine a light on the courage found in everyday service.
